Purpose: To define guidelines regarding vehicle maintenance				

Procedure:

- A. Members shall not perform any maintenance work on vehicles which is normally and customarily performed by an automotive mechanic.
- B. On the condition that the City provides an adequate facility, other than at the Corporation Yard, and gives proper instruction and training in connection therewith to its members, they shall be required to change the oil and lubricate vehicles.
- C. Members shall be required to perform routine and preventive maintenance at their fire stations but shall not be allowed to perform any work which is normally and customarily performed by another craft involving new installation, major maintenance, major repairs or which results in a capital improvement in a fire station.
