

## HOW TO USE LIGHTED CROSSWALKS

### ALWAYS CROSS WITH CAUTION

#### STEP 1: **PUSH BUTTON**

Press the pedestrian push button to activate lighted crosswalk.

#### STEP 2: **←LOOK BOTH WAYS→**

Always look to see that both directions of traffic have cleared the crosswalk or stopped. Be aware that this is not a traffic signal light and therefore oncoming traffic may not stop.

#### STEP 3: **CROSS**

Enter the crosswalk once all vehicles have cleared the crosswalk or stopped.
